JOB #1 COMPLETE ADJUSTMENT & TESTING

Consists of checking all pads for tears & air leaks, mechanical action is tested on each individual key, keys are oiled and height adjusted. Worn or torn pads are replaced at additional charge.

JOB #2 COMPLETE REPADDING

Consists of replacing all pads, lubricating keys, replacing worn cork bumpers, assembling, complete adjustment & testing.

JOB #3 ECONO OVERHAUL

Consists of cleaning entire instrument, polishing all keys and body, wood bodies oiled, all new pads, necessary springs, corks and felts replaced. Removal of all major dents and scratches. Minor dents and scratches are not removed. Saxophones are stripped, lightly buffed and polished. Relacquered with oven baked clear finish. Nickel keys are chamois buffed (not replated). Complete adjustment and testing.

JOB #4 COMPLETE RECONDITION

Our Best Overhaul! Consists of cleaning entire instrument, polishing all keys and body, necessary springs replaced, new pads, new corks bumpers, felts & cork joints, complete adjustment & testing.

Saxophones include removal of all dents and scratches. Old lacquer is stripped, body and keys are carefully buffed, fine polished and relacquered with oven-baked finish. Nickel keys are stripped, buffed and replated.

Oboes and Clarinets include removal of all dents & scratches. Bells, necks and keys are replated.

Bassoons include replating of keys. Bodies are hand sanded, stained and finished.

Flutes and Piccolos include replating of body and keys.
